Glossar

Strecke Nr.: Maßgebende Strecke innerhalb des Sanierungsbereiches

Weitere Strecken Nr.: Zusätzliche Strecken, die sich innerhalb des Sanierungsbereiches befinden, werden ebenfalls untersucht.

Nr. des Lärmsanierungsabschnittes: Ein Lärmsanierungsabschnitt bildet die Summe aus zusammenhängenden Sanierungsbereichen, die nach Priorisierungsrangfolge zur Bearbeitung freigegeben werden.

Bundesland: BB= Brandenburg, BE = Berlin, BW = Baden-Württemberg, BY = Bayern, HB = Bremen, HE = Hessen, HH = Hamburg, MV = Mecklenburg-Vorpommern, NI = Niedersachsen, NRW = Nordrhein-Westfalen, RP = Rheinland-Pfalz, SH = Schleswig-Holstein, SL = Saarland, SN = Sachsen, ST = Sachsen-Anhalt, TH = Thüringen

Bemerkungen:

X57 = Sanierungsbereich, der bereits mit passiven und/oder aktiven Maßnahmen auf 57 dB (A) lärmsaniert wurde. Dieser Sanierungsbereich reiht sich erneut in die Anlage 3 ein und ist gemäß Priorisierung auf den aktuellen Auslösewert 54 dB (A) gemäß aktueller Förderrichtlinie nachzusaniieren.

X65 = Sanierungsbereich, der bereits mit passiven und/oder aktiven Maßnahmen auf 65 dB (A) lärmsaniert wurde. Dieser Sanierungsbereich reiht sich erneut in die Anlage 3 ein und ist gemäß Priorisierung auf den aktuellen Auslösewert 54 dB (A) gemäß aktueller Förderrichtlinie nachzusaniieren.

V = Sanierungsbereiche, die durch Lärmvorsorge bearbeitet und lärmsaniert werden.

VS = Sanierungsbereiche, die durch Lärmvorsorge lärmsaniert wurden und abgeschlossen sind.

* = Hinweis auf Machbarkeitsuntersuchung Mittelrheintal, Inntal, Elbtal

PKZ: Priorisierungskennzahl

Erläuterungen:

Die neuen Auslösewerte für die Lärmsanierung und der Wegfall des Schienenbonus haben dazu geführt, dass der Lärmschutz seit 2015 insgesamt 11 dB (A) mehr „Leistung“ erbringen muss. Daher wurde das gesamte Schienennetz der Eisenbahnen des Bundes erneut auf den Lärmsanierungsbedarf untersucht. Dabei wurden auch die bereits sanierten Bereiche mit einbezogen. Sofern die bisherige Sanierung unterhalb der Auslösewerte für die Lärmsanierung lag, wurden diese wieder als sanierungsbedürftig aufgenommen und entsprechend ihrer Priorisierungskennzahl eingereiht. Damit ist sichergestellt, dass alle lärmbelasteten Bereiche nach den gleichen Kriterien saniert werden.

Die Umsetzung der Maßnahmen erfolgt nach Priorisierungsfolge der Anlage 3.
